

Blog: Drop the Mic! Top News for 2019

This month we offer a "year in review" showcasing the news that made 2019 an outstanding year for Clockaudio. We thank you for being a tremendous part of our success. From award winning product design to special anniversaries and impressive sales, the last twelve months has created consistent momentum and excitement that we are pleased to be bringing into the New Year!

NO SURPRISE HERE...

TIM, our tracking intelligent microphone, literally stole the show in 2019 and is taking the industry by storm. With our unofficial launch at ISE 2019 and our official launch at Infocomm 2019, TIM (one of rAve's award winners for Best of Infocomm) has redefined simplicity with its quick, easy and streamlined installation. In 2019, and beyond TIM is a game changer that is setting a new standard for microphone design.

ANNIVERSARY CONGRATS ALL AROUND

Next, we had a big anniversary to share. Clockaudio celebrated its 25th anniversary this past summer at Infocomm with a dinner to thank our representatives (many who have been with us for years and years). Of the anniversary, and the company's success, Robert Moreau, Managing Director for Clockaudio, NA said:

" I think Clockaudio's success has been based on innovation, being good listeners, and being able to adapt to an ever-changing market and world. It can also be attributed to our ability to create custom products, a desire to stay true to ourselves and surrounding ourselves with great people.

A POWERFUL YEAR FOR THE CDT100 MK II

Since its introduction in 2018, this advanced professional communication product that combines audio and control transport using network-based Dante protocol has been a best selling solution. Now in its second generation, the CDT100 Mk II reduces cabling requirements from multiple and individual microphones from the conference table to the AV cabinet and offers more options than its CDT-100 predecessor.

Well, that's a wrap and the run-down for our top news in 2019. Cheers to a banner 2020 and a New Year that is filled with opportunity.

Health and happiness to you and yours!
