## Clockaudio Returns to Amsterdam for ISE 2020 in Booth 1-F133

**January 13, 2020 – Waterlooville, Hampshire, United Kingdom** - Clockaudio Ltd., a global leader in pro-AV microphone technologies based in the UK and with offices in North America and Asia, is gearing up for its return to Integrated Systems Europe, February 11 – 14, 2020, at RAI Amsterdam in the Netherlands.

Billed as the largest Pro-AV show in the world, the 2020 event will be the final ISE in Amsterdam, before the show moves to Barcelona, Spain in 2021.

As an International trendsetting developer and manufacturer of Professional Microphones and Audio Processors. Clockaudio will exhibit their latest products including a range of their most popular ceiling microphones, wireless systems, trackable intelligent microphones, Dante enabled solutions and extensive array of gooseneck and boundary microphones.

Says Jim Hallington, Founder of Clockaudio, “Each year we exhibit at ISE we see an increase in both the traffic on the floor and the activity at our booth. Last year we had an incredible turn out and we are expecting an even greater number of attendees for 2020. We look forward to sharing our latest products and solutions with all that visit our booth.”

Show statistics for ISE 2019, indicate that over 1,300 exhibitors and over 81,000 visitors made it to the RAI Amsterdam. For 2020, construction of a permanent extension to Hall 5 will enable even more people to attend than ever before. This multi-faceted, four-day event features a huge show floor, comprehensive education, professional development programs, conferences, world class speakers and a multitude of affiliated and partner events.

The ISE itself, the organization behind the show, is a joint venture between AVIXA and CEDIA, the two leading industry associations for the global audiovisual industry. In 2021, the ISE exhibition will relocate to the Fira de Barcelona exhibition complex and Clockaudio will plan to be there again.

Rod Geary, International Sales & Marketing Manager for Clockaudio comments, “We are excited to be able to finish the legacy that ISE started in Amsterdam and show at this last

## **ABOUT CLOCKAUDIO**

For over 25 years, Clockaudio has been dedicated to manufacturing innovative pro-audio products. With Corporate Headquarters and Manufacturing located in the United Kingdom and offices located in North America (Montreal, Canada) and Asia (Singapore), Clockaudio is led by a talented team of audio specialists dedicated to quality, service and innovation.

On a global level, audio professionals actively seek out and recommend Clockaudio for its reputation as a trusted and responsive manufacturer and its customer driven approach to audio solutions. Central to this is the in-house research and development that Clockaudio consistently reinvests in which allows clients to explore customized prototypes and develop specific briefs in partnership.

Consultants and contractors alike help to drive Clockaudio's product development process and appreciate the opportunity to be involved in the engineering process and final solution. The ability to customize is just one of the many factors which makes Clockaudio clearly different. For the latest information on our new products, news and projects, visit [www.Clockaudio.com](http://www.Clockaudio.com), follow Clockaudio on twitter and like them on Facebook.
