## Clockaudio Continues to Grow Globally With New Distributors in Italy and Brazil

**August 1, 2016 – Waterlooville, Hampshire, United Kingdom** – Clockaudio, a global leader in pro-av microphone technologies based in the UK and with offices in North America and Asia is proud to announce the addition of two new distributors to further grow the company's global reach.

To meet the global demand for high quality audio capture in the growing markets in both Italy and Brazil, Clockaudio has added two new companies to distribute and represent their award winning product line. Representing Clockaudio's professional microphone and audio technologies in Italy, is SATNET Srl from Borgone Susa TO, Italy and from Brazil CYMTEC Comércio e Importação from Brooklin Novo in San Paulo.

On the appointment of SATNET, Rod Geary, International Sales & Marketing Manager for Clockaudio Ltd states, "We continue to appreciate the importance of the Italian market and its growth potential for Clockaudio products. SATNET has an extensive and knowledgeable sales team with an excellent reputation. We look forward to working closely with them to meet our worldwide sales goals as well as maintain the highest levels of service to our Italian resellers and integrators."

Adding to the company's growth, Geary shares some thoughts on the appointment of CYMTEC in Brazil. He comments, "We are delighted to be working with CYMTEC as our exclusive distribution partner for Brazil, and have every confidence in Claudio and his team who have extensive knowledge of the AV market and expertise in integrated conferencing and professional A/V solutions. Having a dedicated sales & technical support resource locally in Brazil is crucial to our development and will also help to further reinforce the Clockaudio brand in the region."

## **ABOUT CLOCKAUDIO**

For over 20 years, Clockaudio has been dedicated to manufacturing innovative pro-audio products. With corporate headquarters located in the United Kingdom and offices located in North America (Montreal, Canada) and Asia (Singapore), Clockaudio is led by a talented team of audio specialists dedicated to quality, service and innovation.

On a global level, audio professionals actively seek out and recommend Clockaudio for its reputation as a trusted and responsive manufacturer and its customer driven approach to audio solutions. Central to this is the in-house research and development that Clockaudio consistently reinvests in which allows clients to explore customized prototypes and develop specific briefs in partnership. Consultants and contractors alike help to drive Clockaudio's product development process and appreciate the opportunity to be involved in the engineering process and final solution. The ability to customize is just one of the many factors which makes Clockaudio clearly different.
